ABOUT US

inGenius 2020 is an annual 24-hour hackathon organised by PES University, Electronic City Campus. Entering its 9th iteration, inGenius is a one-of-a kind hackathon that lets you learn, innovate and grow. This year with the ongoing pandemic, it shall be conducted completely online, complying with governmental regulations, by the department of CSE, under the guidance of Dr. Sandesh Jayanth. With over 3500 registrations over the past eight years, it is among one of the most prestigious technical events of South India.

Students from any branch can participate and form interdisciplinary groups, brainstorm ideas, and be assisted by industry experts to improve their skills.

It is the ideal place for amateur developers to get noticed by sponsors and partner companies for internships and investors.

The Journey of inGenius had its first installment in 2013, with around 70 groups. In the following years, this technical event made great progress with multiple reputed companies and startups sponsoring for it . Plenty of talented and bright students were offered internship opportunities as well. In 2017, a historical event was witnessed —1M lines of code in inGenius.

PREVIOUS YEAR WINNERS

The winners stood out from the rest with their creative ideas and solutions. Prizes worth over Rs. 2 lakhs were distributed for the events.

inGenius Winner Team Mathest

Team Mathest developed an application to aid children in learning Mathematics in an easy manner.

inGenius Runner-up Team Horus

Team Horus developed an application for early detection of Parkinson's disease.
